Questions:

What is an Encounter Day? This is a day open to educators to observe our classrooms in a focused way. You will have access to the 3 classrooms in addition to the studio and playground. After a period of observation, you will have an opportunity to have lunch with the Director to ask questions and process your observations.

What is an Educator's Workshop? This is more of a workshop style experience that will include a presentation/training and possibly time to observe. Lunch is included. This day will be specific to a topic and provide a training certificate; not CEUs.

Do I have to stay for the director lunch on an Encounter Day? We would strongly encourage that you take the time to do so for a more meaningful experience, but we understand that some schedules can't allow for it.
